

## Financial Policy

Since your insurance policy is a contract between you and your insurance company, you are responsible for the cost of services you receive from the San Diego Hearing Center Inc. If our office has a contract with your insurance company, we will bill your insurance for you. It is the patient's responsibility to know whether their insurance company requires pre-authorization or a referral prior to any office visits. Please inform the office if such authorization is required before we render services.

It is your responsibility to notify us if your insurance type, primary physician or primary medical group changes, including any other changes that could affect your insurance coverage for services we are about to provide. If we do not receive notification prior to rendering services, you may be responsible for the cost of services and products dispensed.

We accept assignment for all Medicare and Champus patients. Co-payments are due and payable at each visit.

*I have read and agree to the above statements.*
