

## COMPANION HEARING HEALTH TEST

To better understand the severity of your companions hearing loss, we would like to ask you a few questions. Your answers will allow us to determine the best treatment possible.

Yes    No    At  
Times

**Answer the following questions about your companions hearing:**

- Is it difficult for your companion to follow conversation in a noisy restaurant or crowded room?
- Do hearing difficulties cause your companion to get embarrassed when meeting new people?
- Is it difficult for your companion to understand a speaker at meetings or religious services?
- Does your companion often ask people to speak up or repeat themselves?
- Is it difficult for your companion to understand you on the telephone?
- Does your companion tell you that you're mumbling or not speaking clearly?
- Can your companion understand soft or whispered speech?
- Do hearing problems cause your companion to visit friends, relatives or neighbors less often?
- Has your companion been exposed to significant noise during work, recreation or military service, to your knowledge?
